REGIONAL AND INTERNATIONAL COMPARABILITY

The Mount Kenya University's Diploma in Non-Governmental Organizations is very comprehensive and has similarities with the proposed Diploma in Non-Governmental Organization, in respect of title of qualification, credit value, duration exit outcomes assessment strategies, and employment pathways. However, a notable difference is that the Mount Kenya University qualification can be taken on a regular mode as well as by digital learning mode whereas the proposed Diploma in Non-Governmental Organization Management of University of Botswana would be offered by the distance mode only.

In respect of Advanced Diploma in Community Sector Management of the Equals International Institute, there is discernible similarity in areas as exit outcomes, employment pathways and domains covered. The proposed Diploma in Non-Governmental Organization Management would have a duration of 4 semesters with a credit value of 240 whereas the Advanced Diploma in Community Sector Management has a duration of 2 semesters with a credit value of 156. There is also variation in the title of qualification even though the two qualifications are similar and share the same purpose.

The proposed qualification generally compares favorably with the compared qualifications since the exit outcomes articulate and share same intent and target.

REVIEW PERIOD

The qualification shall be reviewed every 5 years.
